CONSORT AND MONITOR G.W.V.A. WILL HOLD JOINT PUBLIC MEETING IN PROTEST OF GOVERNMENT ACTION ON QUESTION OF SOLDIER RE-ESTABLISHMENT

On Sunday afternoon, Sept. 14th, there will be held in the Monitor Town Hall a combined meeting of Consort and Monitor G. W. V. A. in protest of the action of the Government in refusing our request to appoint a "Bonus Commission" to act in conjunction with a similar commission appointed by us at the Dominion G. W. V. A. held in July last.

This action is the outcome of Calgary Local's famous \$2000.00 bonus resolution which has been endorsed by practically every local branch from Vancouver to Halifax, and also by the majority of other organizations in the country, including the U. F. A., Can. Red Cross Society, Trades and Labor Councils, and others too numerous to mention.

Our committee of three veterans has been in Ottawa for the past week waiting for a favorable opportunity but after a conference with the Prime Minister, were refused the request of the Dominion Convention, no just reason being given.

The government may form commissions to investigate the needs of the racing game, appoint boards to enquire into the labor needs of a bunch of striking foreigners, spend six weeks to ratify the peace treaty with ample reimbursement for the same in a special sitting of parliament, but when the boys who helped make that treaty possible make a sane and sensible request for the further re-establishment of himself and dependents, it is politely thrown in his face.

So, as we stood shoulder to shoulder on the devastated fields of France and Flanders through four years of war, so should we now stand shoulder to shoulder in this just and legitimate hearing from our present government at Ottawa.

Every returned soldier, his family, friends, and acquaintances, who are interested in this momentous question are earnestly requested to attend this meeting, which will be open for fair discussion, irrespective of politics as the G. W. V. A. is proud to say that 150,000 strong, they are non-political.

Calgary local has passed a strongly worded resolution which will be put before this meeting for adoption or amendment and voted on by all present. As Monitor and Consort are firmly resolved to take an active part in this fight, we invite all criticism and discussion from the people of these two districts.

G. W. V. A.

estly requested to attend this meeting, which will be open for fair discussion, irrespective of politics as the G. W. V. A. is proud to say that 150,000 strong, they are non-political.

Calgary local has passed a strongly worded resolution which will be put before this meeting for adoption or amendment and voted on by all present. As Monitor and Consort are firmly resolved to take an active part in this fight, we invite all criticism and discussion from the people of these two districts.

G. W. V. A.

W. F. Moorhead and family wish to express their heart felt thanks for the many acts of kindness extended to them by friends and neighbors in their recent bereavement.

A meeting was held on Wednesday, in the Band Hall, for the purpose of reorganizing the Band, at which there was a large attendance. It was proposed to reorganize, using the old players as a nucleus and to train new players to bring the band to full strength. The next meeting will be held at 8.30 on Wednesday Sept. 17th, when a leader will be appointed. Every old member of the Band is requested to attend.

W. G. MacKenzie is spending a few days up in Edmonton this week.

Capt. Batchelor, of Fusilier, Sask., will speak at the Veterans Meeting, on Sunday afternoon, in the Big Hall.

Mrs. W. Conquest, Altario, is spending a few weeks visiting in Calgary.

Monitor Chautauqua, three days, October 21, 22 and 23.

Bulletin on Preserving Fruits

In canned goods there are two kinds of spoilage. The first is called "flat sour" which includes all forms of bacterial growth that develops within the food. The second type of spoilage to guard against is mould, a plant growth that is distinctly different from the bacterial growth. Moulded foods are seldom more than surface affected because air is necessary for its growth but the "flat sour" spoilage means that the entire can must be discarded. Bulletin No. 93 of the Dominion Experimental Farms "Preservation of Fruits and Vegetables for Home Use" which can be had on application to the Publications Branch, Department of Agriculture, at Ottawa, gives full information on the various methods of canning including old and valuable recipes as well as new ones that have been found valuable. Canning has become the most popular means of preserving large quantities of fruit and vegetables and since these are plentiful during the summer months and at other times difficult to obtain it is important to preserve quantities during the growing season for use in the Winter. Moreover the use of an abundant supply of fruit and green vegetables is essential to health at all seasons of the year.

Canning Without Sugar

Postponement of the purchase of fruit for preserving purposes will be most unwise. It is very evident that in spite of all that can be done to relieve the sugar shortage, there will not be nearly enough to go around, and now is the time to buy fruit for preserving. To put up fruits without sugar simply prepare them in the ordinary way; see that the jars are perfectly clean, thoroughly sealed with boiling water, filled to the top and left in them a considerable time; boil the tops and rubbers, and see that the rubbers are soft and free from groves or cracks; place the fruit in the jars, fill with cold water, place them in a boiler filled with cold water, heat to the boiling point. Berries will do if removed when the boiling point is reached. Large fruit, such as peaches, pears, plums, and the like, should get 20 to 30 minutes boiling. A board should be put at the bottom of the boiler to keep jars from the direct heat of the stove. Fruit thus prepared will be found excellent for pies, delicious for eating with cream, and generally superior to the sugar-syrup preserves. In properly air-tight jars they will also keep quite as long. Of course, sugar will eventually have to be used in preparing the fruit for the table but much less is required to sweeten to taste after cooking.

LEAVES HOSPITAL AFTER TWENTY YEARS

After thirty-three years in the nursing profession, twenty of which were spent as superintendent of the Brandon General Hospital, Miss Birtles will retire at the end of this week.

Last night at the hospital several presentations were made to Miss Birtles. H. H. Swallow, on behalf of the office and domestic staff, presented an address and purse, and later in the evening members of the medical profession, graduates of the Brandon hospital and members of the Brandon Association of Graduate Nurses met at the Nurses Home to bid farewell to Miss Birtles and during the evening three other presentations were made.

The Brandon Graduate Nurses Association presentation took the form of a bouquet of sweet pens to which was attached the key to a handsome travelling bag lined with hundred dollar bills. The Brandon Medical presentation presented a purse of gold and the pupil nurses a toilet set of French ivory.

—Winnipeg Free Press.

Miss Birtles is a sister of Jos. Birtles, south-east of town, and is well known to many in this district.

Every Farmer In This District Should Read The Nor'-West Farmer

Western Canada's Oldest Farm Paper

If you are already a subscriber you will want to renew your subscription for another year, and if you are not a subscriber to it you ought to be. No Farmer in these days of high prices and labor shortage can afford to do anything but his very best. Through a good farm paper you will get ideas worth many times the small subscription price. Each issue of the Nor'-West Farmer contains information that any up-to-date farmer can use to his own direct advantage. It is edited for the whole farm family. If any reader wants information on any subject relating to either farm problems or anything else, The Nor'-West Farmer information bureau will tell him just what to do. The editor is a lawyer and legal adviser is at the service of every subscriber, free of all charge. If you have a weal problem, a soil drifting problem, a feed problem, tractor, automobile, or any other farm problem, just write to the Nor'-West Farmer, and you will soon get a wealth of ideas from the experience of other farmers who have encountered and solved similar difficulties. The Nor'-West Farmer is a "round-table," around which the best farmers of Western Canada meet. Will you be one of them?

Subscribe at This Office

We have been authorized to accept subscriptions at this office, and can save many farmers in this district real money. Read this:

Note and Comment

Seven years ago a farmer living south of this town hung his vest on a post in the barnyard. A calf chewed up one of the pockets in which was a gold watch. Last week the critter, a quiet old milk cow, was killed for beef, and the ticker was found in such a position between the lungs of the cow that the respiration—the closing in and the filling of the lungs—kept the stemwinder wound up, and the watch had lost but four minutes in the seven years!

Drop it anywhere! Nobody cares! Anyway, one little cigarette box, or the wrapper off chewing gum, or the envelope from the letter—surely, one would not call dropping them on the sidewalk, littering the street. But, if each citizen, young and old, drops a paper on the streets, the cumulative effect will not be pleasant to behold.

In many of our towns and cities, boxes are placed on the streets for the deposit of waste paper. Where such are not available, however, it is no hardship to carry small paper wrappers until they can be properly disposed of. Cigarette and gum containers are not out of place in the pocket until empty: Keep them there, and, for the sake of cleanly appearance of the street and of that civic pride which is essential to the general prosperity of the home town, keep scraps of paper off the street.

DOMINION LANDS

Increase in Rate of Interest

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last Session of Parliament, and commencing from the 7th July, 1919, where interest is chargeable, the rate of such interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; also that from the 1st of September, 1919, the rate on all overdue instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By order,
L. PEREIRA,
Secretary.

Department of the Interior,
Ottawa, August 26, 1919.

We read recently that a hen had adopted a litter of pigs. A possible explanation of this is the natural intimacy of ham and eggs.

At the Dominion Convention of the G. W. V. A., held last July in Vancouver, a resolution was passed requesting that the Government appoint a Bonus Commission to further soldier re-establishment.

As this is one of the most vital questions of the day to the returned soldier, considering the H. C. of L., the Veterans regret very much that their request has been refused by the Dominion Government.

In view of this fact, Monitor local G. W. V. A., has wired to W. J. Blair, M. P., for Battle River Constituency, earnestly requesting his support for the formation of said Commission.

The local Chatanqua dates have been set for the 21st, 22nd and 23rd of October. While the entire program has not yet been announced, the public can rest assured that every session for the three days will well be worth attending. Season tickets will be sold for \$1.75.

the paint protected town

THE finest town buildings soon get to look "dingy" if they are not kept painted. Worse still, the omission of the Spring painting leaves them open to weather-attack and time's decay. And—with materials so high as to make every building worth double today what it was worth in 1913—you are making a mistake if you let a building "go to seed." Have your town a "model" town—have it fresh with paint—have it protected with a paint that affords real protection—

B-H "ENGLISH" 70% Pure White Lead
(BRANDRAM & HENDERSON LTD.)
PAINT 30% Pure White Zinc
100% Pure Paint

If this paint were sold at a price half as high again as any other (which it isn't) it would still be the economical paint to use on your house. In sheer covering capacity it has no equal. A gallon of it goes so far that you'll buy less of it and yet do more with it. Paint with B-H "ENGLISH" PAINT this spring—and your house is protected for years, where a coat of ordinary paint would last but a few months.

The above price lies in the above formula basis. What other paint is so correct in this respect that its makers guarantee it? What paint can a dealer furnish you that has anything like the quantity of white lead in it that has B-H "English"?

This was the formula when lead was lower in price—this is the formula still; even though lead is extremely high in price. It HAS to be the B-H formula; because the guarantee that calls for it, is printed right on the B-H cans. We could not cheaper B-H "English" Paint even if we wanted to. So it's your safe bet as to quality, your sure paint as to covering capacity, your dependable paint as to durability. Find the B-H dealer in your town. He's the man to buy from.

Other B-H Products of Sterling Worth

We carry and recommend the following B-H products:

For Interior Finishing
